

Index to Volume 52 of MAYO CLINIC PROCEEDINGS

- Abdominal bleeding: ovarian hematoma complicating anticoagulant therapy, 19
- Abnormal chemotaxis in patients with cutaneous anergy, 196
- Acetaminophen poisoning, hepatotoxicity in, 246
- Achalasia in three siblings, rare occurrence, 97
- ACTH: mineralocorticoid hypertension in childhood, 323
- Addiction: tobacco chewing; unusual case of drug dependence, 358
- Adenocarcinoma: carcinoma of endometrium; Mayo Clinic experience, 175
- Adenoma: frequency of surgical treatment for hypertension in adults at the Mayo Clinic from 1973 through 1975, 549
- Adrenal adenoma, feminizing, in boy; case report and literature review, 354
- Adrenal cortex in human essential hypertension, role of; keynote address, 291
- Adrenal tissue: role of 18-hydroxy-11-deoxycorticosterone and 16 α ,18-dihydroxy-11-deoxycorticosterone in hypertension, 317
- Adrenergic nervous system: role of naturally occurring vasoactive principles in hypertension, 449
- and hypertension; state of art, 361
- Agreement among three different indices of sympathetic nervous system activity in essential hypertension, 379
- Albers JW, 228
- Albertini R, 459
- Aldosterone regulation: in essential hypertension; altered adrenal responsiveness to angiotensin II, 312
- new aspects of, 308
- Alimentary tract: Crohn's disease involving esophagus and colon; case report, 35
- independence of canine gastric and duodenal pacesetter potentials shown by electric pacing, 51
- manifestations of multiple endocrine neoplasia, type 2b, 543
- Allergic granulomatosis and angiitis (Churg-Strauss syndrome); report and analysis of 30 cases, 477
- Allergic otitis media: middle ear effusions; current concepts, with a literature review, 497
- Allografts: end-stage renal failure in juvenile diabetes mellitus; 5-year follow-up of treatment, 281
- Alpha-1-antitrypsin deficiency and neonatal hepatitis; prognosis in five patients, 241
- Altitude and hypertension, 442
- Analysis of tracheal nerve palsies; diagnosis, etiology, and treatment, 11
- Anderson KR, 569, 665
- Angiotensin: pathogenic factors involved in renovascular hypertension, 417
- role of calcium in response of rabbit aorta to, 427
- sympathetic nerve hyperactivity in high-renin hypertension; effects of saralasin infusion, 369
- tachyphylaxis, new approaches to study of, 446
- Animal models, hypertension, and central nervous system mechanisms, 387
- Ankylosing spondylitis: extra-articular manifestations of; editorial, 655
- pleuropulmonary manifestations of, 641
- Anorexia nervosa; hypothalamic-endocrine dysfunction in, 711
- arranging of laboratory values in; editorial, 748
- Another prosthetic heart valve?; editorial, 824
- Antibiotics: gentamicin-resistant *Pseudomonas aeruginosa*; Mayo Clinic experience, 1970-1976, 797
- Haemophilus* endocarditis; report of 14 patients, 209
- Antihemophiliacs: blood transfusion for patient who is difficult to transfuse, 160
- Key blood group, Kx antigen, and chronic granulomatous disease, 150
- Anticoagulant therapy, ovarian hematoma complicating, 19
- Antidysrhythmics, incidence of orthostatic hypotension in patients with primary affective disorders treated with tricyclic, 509
- Antigen: Rh system; genetics and function, 141
- Antihypertensive drugs: central nervous system actions of clonidine in hypertension, 395
- Antimicrobial agents symposium: aminoglycosides; streptomycin, kanamycin, gentamicin, tobramycin, amikacin, neomycin, 675
- antibiotic therapy for severe infections in infants and children, 707
- antifungal agents used for deep-seated mycotic infections, 687
- antimicrobial agents in patients with renal insufficiency, 704
- antimicrobials commonly used for urinary tract infection; sulfonamides, trimethoprim-sulfamethoxazole, nitrofurantoin, nalidixic acid, 680
- antituberculosis agents; isoniazid, rifampin, streptomycin, ethambutol, 694
- antiviral agents, 683
- cephalosporins, 625
- foreword, 601
- general principles of antimicrobial therapy, 603
- laboratory tests used to guide antimicrobial therapy, 611
- penicillins, 616
- prophylactic use of antimicrobial agents, 701
- tetracyclines, chloramphenicol, erythromycin, and clindamycin, 635
- vancomycin, 631
- Antimicrobial susceptibility of gentamicin-resistant *Pseudomonas aeruginosa*, 802
- Antimicrobial therapy: triumphs and challenges; editorial, 654
- Antivivisection, first 100 years of—1824 to 1924, 257
- Antral mucosal webs, pyloric, 650
- Aortic caliber, continuous measurement of, in conscious rats; effect of acute hypertension, 433
- Aortic valve, diastolic opening of; echographic observation, 112
- Arcila H, 383
- Are there unknown mineralocorticoids in low-renin essential hypertension?, 329
- Are we getting our money's worth?—PSRO, 468
- Arteriovenous fistula, peripheral; detection by contrast echocardiography, 186
- Artery, complete occlusion of left main coronary, and importance of coronary collateral circulation, 742
- Artery disease, survival predictors in coronary; medical and surgical comparisons, 85
- Arthroplasty: results after hemiarthroplasty of hip using cemented femoral prosthesis; review of 109 cases with average follow-up of 36 months, 349
- Asbestos fibers, penetration of small intestinal mucosa by, 809
- Aspiration, transtracheal: bacterial sputum cultures; clinician's viewpoint, 39
- Assad-Morell JL, 85
- Assessing quality of care; editorial, 255
- Assessment of cell-mediated immunity in acute allograft rejection in man; prospective study, 101
- Assessment, quality-of-care. II. Outpatient medical care following hospital dismissal after myocardial infarction, 220
- Atherosclerotic disease: Menetrier's disease; effect of medical and surgical vagotomy, 91
- Atrial pacing, transeptophageal, in Wolff-Parkinson-White syndrome, 576
- Atrioventricular canal, repair of, associated with membranous subaortic stenosis, 121
- Atrioventricular connections: criss-cross heart; detailed anatomic description and discussion of morphogenesis, 569
- Atrioventricular valve, straddling right, in criss-cross atrioventricular relationship, 561
- Atropine: intra-His block with distal His pacemaker responsive to autonomic stimuli, 46
- Audiovisual instruction: evaluation of patient education program for chronic obstructive pulmonary disease, 106
- Auditory responses, brainstem, detection and localization of occult lesions with, 761
- Auditory responses from brainstem; "far-field" but not so far afield; editorial, 823
- Autogenic biofeedback treatment for migraine, 776
- Autoimmune reaction: immune complexes (IgG and C3) at motor end-plate in myasthenia gravis; ultrastructural and light microscopic localization and electrophysiologic correlations, 267
- Autonomic function, measurements of, before, during, and after transcutaneous stimulation in patients with chronic pain and in control subjects, 228
- Axelrod J, 391
- Bacteria: antimicrobials commonly used for urinary tract infection; sulfonamides, trimethoprim-sulfamethoxazole, nitrofurantoin, nalidixic acid, 680
- Bacterial endocarditis: corynebacterial; difficulties in diagnosis and treatment, presentation of three cases, and review of literature, 126
- diastolic opening of aortic valve; echographic observation, 112
- Bacterial infection: cephalosporins, 625
- general principles of antimicrobial therapy, 603
- laboratory tests used to guide antimicrobial therapy, 611
- penicillins, 616
- sporadic case of pneumonia due to legionnaires' disease, 657
- vancomycin, 631
- Bacterial sputum cultures; clinician's viewpoint, 39

- Bacteriology: antimicrobial susceptibility of gentamicin-resistant *Pseudomonas aeruginosa*, 802
gentamicin-resistant *Pseudomonas aeruginosa*; Mayo Clinic experience, 1970-1976, 797
recovery of group A and nongroup A β -hemolytic streptococci from throat swab specimens, 81
should yeasts in respiratory secretions be identified?, 42
Baggenstoss AH, 73
Baker HL Jr, 586
Balloon assist, intra-aortic; initial Mayo Clinic experience and current concepts, 723
Barbour BH, 369
Barnes KL, 387
Barnhorst DA, 85, 723
Baroreceptors: continuous measurement of aortic caliber in conscious rats; effect of acute hypertension, 433
Bartholomew LG, 91
Basso N, 437
Battiste CE, 661
Beard CM, 3, 8
Beckenbough RD, 349
Benson RC Jr, 3, 8
Biliary cirrhosis, primary, hepatic subcellular distribution of copper in; comparison with other hyperhepatocytic states and review of literature, 73
Biochemical and morphologic study of catecholamine metabolism in spontaneously hypertensive rats, 391
Biofeedback, autogenic, treatment for migraine, 776
Biogenetics: Gregor Johann Mendel and the beginning of genetics, 513
Biologic maturity: antibiotic therapy for severe infections in infants and children, 707
Biosynthesis of aldosterone: new aspects of aldosterone regulation, 308
Black LF, 106
Bleeding time, quantitative (hemorrhagometry); review, 238
Blood: ovarian hematoma complicating anticoagulant therapy, 19
Blood circulation: straddling right atrioventricular valve in criss-cross atrioventricular relationship, 561
Blood coagulation: vitamin K-responsive coagulopathy in Henoch-Schönlein purpura, 746
Blood cultures: *Haemophilus endocarditis*; report of 14 patients, 209
Blood group symposium: blood transfusion for patient who is difficult to transfuse, 160
chronic granulomatous disease and McLeod phenotype; successful treatment of infection with granulocyte transfusions resulting in subsequent hemolytic transfusion reaction, 153
erythrocyte morphology in genetic defects of Rh and Kell blood group systems, 157
introduction to blood group genetics, 136
Kell blood group, Kx antigen, and chronic granulomatous disease, 150
mapping assignment of Rh and Duffy blood group genes to chromosome 1, 145
preface, 135
Rh system; genetics and function, 141
Blood pressure: altitude and hypertension, 442
animal models, hypertension, and central nervous system mechanisms, 387
effect of guanidine on systemic and renal hemodynamics in arterial hypertension, 383
new aspects of aldosterone regulation, 308
pathogenic factors involved in renovascular hypertension, 417
serum dopamine- β -hydroxylase activity, 374
vascular renin-like activity, 437
Bone, myxoma of; report of three cases, 249
